Position: Senior UX/UI Designer

Renovo Financial is a rapidly growing Chicago-based private lender serving real estate investors who acquire and renovate single and multi-family residential properties. We pride ourselves on supporting clients by providing unparalleled service, from the loan application through the payoff. Renovo's reliability and "win-win" solutions-oriented approach is just one reason why our repeat and referral rates far exceed the industry average. Renovo was honored to be named one of Crain's 50 fastest-growing Chicago companies. Come join us it's a "win-win".

Position Summary:

The position of UX/UI Designer will play a key role in assisting Renovo's COO/CTO in the development of our proprietary/highly-customized platform (built largely on Salesforce). They will be responsible for improving the aesthetic design and user experience to optimize workflows and make it easy to do business at/with Renovo. The Designer will also collaborate with Renovo's marketing team, to ensure there is a consistent aesthetic output to Renovo's clients. The Designer will also be tasked with wire-framing Renovo's platform for a mobile application. The Designer will continue to improve the experience after the initial design phase based on results from regular user research and analysis.

Role Responsibilities:

- Enhance the aesthetics for Renovo's technology platform in Salesforce to improve user workflow and performance
- Optimize the system for both desktop and mobile platforms
- Deliver on particular aesthetics and presentations for the C-Level Suite (which includes excel functionality, PowerPoint, etc.)
- Work directly with the Chief Operations Officer to ensure important features and functionality are present in designs
- Collaborate closely with the Lead Graphic Designer to ensure consistency within brand guidelines
- Communicate effectively with third party developers to bring the COO/CTO's architectural vision to life
- Continuously improve designs after initial redesign phase based on results from user research and analysis
- Implement new functionality and features into the design as the need arises

Ideal Candidate:

The ideal candidate for this role is someone who has at least 8 years of experience as a UX/UI designer for responsive web experiences, has a deep understanding of user psychology/design concepts, and is able to show a portfolio of projects that have been proven successful.

- 8+ Years of hands-on experience designing responsive and successful user experiences for businesses
- Experience conducting user research and analysis and translating results into actionable objectives
- Deep Understanding of user psychology and aesthetic design concepts
- Expert knowledge of Adobe CC, Sketch/InVision, or other prototyping/UX software
- Previous experience designing for tools like Salesforce or other CRM tools
- Ability to communicate effectively with developers, designers, and stakeholders
- A shareable portfolio of work that displays proven success in your past projects

222 West Adams Street, Suite 3150, Chicago, IL 60606 | 312.279.7305 | www.renovofinancial.com

Behavioral Characteristics:

- **Self-Motivated:** You take stuff on without waiting to be told what to do
- **Positive Attitude:** You approach situations with a proactive and positive attitude
- **Determined:** You stay on course even during difficult assignments and you crave opportunity for advancement
- **Team Player:** You believe that to be successful you need to leverage and trust your team. You lead by example.
- **Openminded:** Always seeks to find and develop creative solutions
- **Ambition:** You take stuff on without waiting to be told what to do. The ideal candidate needs to have a strong desire to do whatever it takes to operate the department. They must have a desire to excel.
- **Pride:** Take pride in your work & the work of your team. You recognize that the quality of work presented by your team is a representation of you
